

Summer Overview

Thank you for your interest in working at Pictured Rocks Camp this summer. There are two parts to the application process:

- (1) complete the online application
- (2) have a brief interview

Once an application is received, PR leadership staff will review it, determine if the candidate is a good fit for any open positions and then contact the applicant for an interview and/or pending job offer.

End August 1st

Start May 29th

Our summers are split between Conference Camps (events we create, organize and supervise) and Partner Camps (our facilities are host to outside rental groups). **Conference camp weeks** our staff will be in their normal roles, while in **Partner Camp weeks** our staff transitions to mainly program facilitators and support staff as we provide our hosted group community with an amazing summer camp experience.
